Poltava State Medical University

Welcome to PSMU, where HEALING, TEACHING & DISCOVERY come together!

Welcome

Dear friends!

Welcome to one of the Oldest Institutions of Higher Education - Poltava State Medical University!

The Best Medical & Dental University in Ukraine;
POLTAVA STATE MEDICAL UNIVERSITY (PSMU)

has everything you need to train yourself as qualified Physicians, Dentists, Nurses and Pharmacists.

PSMU holds the title as the best Medical and Stomatological Academy of Ukraine by providing;

- Highly qualified teachers
- Well-equipped academic buildings and the clinical database
- Unique foundations of scientific libraries, Internet facilities
- Top-level infrastructure of the campus

PSMU Provides highly skilled and professional instructors, well-equipped study premises and clinical bases, unique book funds of the scientific library, Internet access, developed infrastructure of the students' campus, for those who are interested in the mysteries of life; access to science labs, the opportunity to work on unique equipment, the chance to learn modern research technologies.

We are proud of our 99-year-old history, our employees, our present and future graduates! We have brought and will keep bringing excellent medical specialists in Ukraine and abroad!

What we offer?

Here at PSMU, we offer European education standards, an intimate and collegial environment, which fosters human values and genuine learning. This is in harmony with the traditional idea of living and learning together. New computerized technologies, modern individual electronic communications, a newly introduced technology known as electronic journal, where the parents, as well as students, can follow up with the progress and attendance of each and every student, a significant number of high level international academic conferences, participation with other universities in creating sophisticated programs of medical studies on par with those of Europe.

The most important principle of our work is a wish that science and medicine were humane, highly intelligent, that the physician not only helped the person to overcome a disease, but also displayed kindness, high morals and worked for the positive development of humanity.

I welcome those aspiring candidates, who have dreamed to serve the society as a Doctor. Our site, facilities, teachers and programs were all chosen to offer the students with the greatest possible opportunity to meet their goals. Our spacious and modern facilities provide our students with a pleasant study atmosphere.

Indian Students at PSMU

- Poltava State Medical University is one of the oldest MBBS colleges in Ukraine that has been providing MBBS education to Indian student's since several years and has been very successful at it.
- The standard of MBBS education adopted and taught to Indian students in Poltava is nothing less than top medical universities located in western part of the world and Europe.
- The university has partnership and exchange programs with numerous reputed medical universities located in Europe and other parts of the world. Indian students studying MBBS in Poltava too can utilize these MBBS exchange programs.
- In addition to hundreds of Indian students, many students from other parts of the world also take MBBS admission in PSMU every year and this provides an opportunity for Indian students to directly interact with them and learn new cultures.
- The total MBBS fees in Poltava State Medical University is very less as compared to MBBS course in other parts of European countries which charge a hefty amount from Indian students.
- Indian students studying MBBS in Poltava State Medical University get ample exposure to clinical classes as from 4th year most of their classes are conducted in government hospitals located within the city and get to interact with patients and give their diagnosis.
- Indian students who takes MBBS admission in Poltava State Medical University and has graduated from Poltava have shown excellent results in not only MCI Screening Test (FMGE) but also in various other country's licensing exams like USMLE, PLAB, NZREX, etc.
- Hundreds of Indian students who became doctors from Poltava are today practicing in India and other parts of the world which proves the quality of MBBS in Poltava, Ukraine.
- The total number of Indian students studying MBBS in PSMU at present is more than 500 already, which gives a clear picture of the large community of Indians students studying here.
- Indian students get the opportunity to participate in various research and scientific activities with senior professors and teachers during their MBBS in PSMU.
- Indian mess is available for Indian students where all Indian cuisines are available and the food is also prepared by Indian chefs so as to give the best food to students. Both vegetarian and non-vegetarian options are available.
- Poltava State Medical University is a "National" level medical university for MBBS in Ukraine and holds the highest level of accreditation from Ukraine government, which a university can attain.
- As the native Ukrainian teachers in Poltava have already been teaching Indian students MBBS in English medium since a long time, they are very fluent in English language and helps students to easily interact with teachers irrespective of any language barrier.
- Indian students get the opportunity to take part in various co-curricular activities organized by university every year like sports, cultural events, talent programs etc.
- The local people of Ukraine i.e. Ukrainians are very friendly and keen to interact with foreign students, especially Indian students and this leads to students leading a peaceful life during their MBBS in Poltava, Ukraine.
- The city of Poltava in itself is one of the most beautiful and peaceful cities in Ukraine and thus provides for a perfect atmosphere for students to completely focus on their MBBS in Ukraine during their entire tenure of 6 years.

Faculties

Poltava State Medical University has following faculties:
- Faculty of GENERAL MEDICINE, DENTISTRY, NURSING, PEDIATRICS, PHARMACY and Faculty of POST GRADUATE education. The course of MBBS at university follows international course standards for MBBS. Most of the international students who study in PSMU take MBBS admission in Ukraine in Faculty of General Medicine.

There is a huge community of Indian students who study Medicine in this university. The university is quite

popular amongst Indians, for study in Faculties of Medicine, Dentistry, Pharmacy and post-graduate courses. The range of countries from which foreign students come to study at the university is very wide.

MBBS in PSMU

PSMU has more than 5,200 students studying currently and out of them about 1,400 students are foreign students from different countries. The university is one of the most preferred destinations by International students among all MBBS colleges in Ukraine. The

teachers involved in training foreign students hold Doctoral and MD degrees and are highly skilled and knowledgeable in their fields. They are also fluent in English to impart the best education to foreign students. The university invites all aspiring and eligible candidates from around the world to come and study Medicine at PSMU and create a bright future for themselves. Academic session for MBBS (English medium) begins in the month of September every year. Applicants from India can start applying to secure a MBBS seat from the month of March itself. In 2018-19 academic year, total strength of foreign students were more than 1,700 from 57 different countries, duration for studying MBBS in PSMU is 6 years which includes 1 year internship too in

Ukraine. During initial 3 years, more emphasis is given to theoretical knowledge while during the last 3 years of studying MBBS in Ukraine students spend most of the time visiting hospitals and in clinical sessions (more of a Practical training with direct interacting patients). Students get to visit and diagnose patients in various hospitals of the city during the tenure of their whole MBBS in PSMU. PSMU has several buildings for different departments, library, research labs and hostels. Students can travel with their teachers and get the opportunity to learn advanced Medicine of other nearby countries in Europe and gain better clinical skills.

Accreditation

In 1994, by the decision of the Interdepartmental Accreditation Commission and the order of the Ministry of Education of Ukraine, the educational institution was accredited with the highest, **FOURTH LEVEL** of accreditation. In the same year, by the order of the Cabinet of Ministers of Ukraine, it was reorganized into the Poltava State Medical University. By the letter from the Ministry of Health of Ukraine dated 02.08.1994, the Academy opened the Faculty of Nursing; in 1995 - the dental department, which in 2005 evolved into a medical college.

According to the decision of the State Accreditation Committee of Ukraine as of April 11, 2000, the Academy received a license for the right of training specialists in the field of "Pediatrics."

According to the Order of the Ministry of Health of Ukraine No. 133 as of March 28, 2005, the name of the educational establishment was changed to Higher State Educational Establishment of Ukraine, "Ukrainian Medical Stomatological Academy". According to the Order of the Ministry of Health of Ukraine № 349 as of 09.6.2018, Higher State Educational Establishment of Ukraine "Ukrainian Medical Stomatological Academy" was renamed into the Ukrainian Medical Stomatological Academy and followed by Poltava State Medical University in the year 2021. PSMU conducts undergraduate training of specialists at four faculties: Dental(two faculties), the Faculty of Foreign Students' Training; the Faculty of Postgraduate Education, the preparatory department and the preparatory department for foreign citizens. The medical college has a medical and pharmaceutical department.

Worldwide Recognition

The modern period of the history of the Poltava State Medical University is the period of its international recognition. Further development of the Academy is ensured by the rapid development of educational establishment, opening of new faculties and specialties, training its own scientific and pedagogical staff, the introduction of new progressive forms and methods of work, awareness of the high mission of higher education.

It is also recognized by WHO (World Health Organization) & MCI (Medical Council of India). The university received two silver and bronze medals at the international exhibition of educational institutions help in Ukraine in the years 2001, 2002 and 2004. The university is one of the best medical colleges in Ukraine based on the modern technology it implies in teaching students.

Poltava City

Poltava is a city located in the central Ukraine on the bank of River Vorskla. The city is the administrative capital of the Poltava region. Being located in the central Ukraine region, the city is well connected to major cities of Ukraine like Kharkov & Kiev - very well through rail and road. The city also has a domestic airport which has flights to all other cities of Ukraine. For local transportation within the city, trams, trolley buses, vans, taxis are available round the clock.

Some of the major tourist attractions of city are Building of Noble Assembly, Russian Empire, Regional Philharmonic Society, Ivan Kotlyarevsky's Burial, Grand Hotel, Bakhmatsky Mansion, Mass Burial of Russian Soldiers, etc.

The city has several institutes for higher education like Poltava National Pedagogical University, Poltava National Technical University, Poltava Agrarian State Academy, Poltava University of Economics & Trade and a few more.

The city witnesses moderate continental climate with summers falling between +24 to +28 degrees Celsius & moderate winters with temperatures between +5 to -5 degrees Celsius. Ukrainian Medical Stomatological Academy is also among the renowned higher education institutes of Poltava.

The city is very welcoming towards foreign nationals and people from different cultures around the world live peacefully. Expats living in Poltava can experience a quaint European city with a touch of contemporary life.

PSMU

Hostel Accommodation

PSMU possesses an excellent system of hostel accommodation.

Rooms are fully furnished & consist of apartment like system with two-bed & three-bed rooms with attached toilet. On each floor, there is a common hall & a common kitchen for cooking. On the ground floor, there is a gym & recreation center. Hostel rooms are furnished with beds, mattresses, pillows, blanket, two side tables, cupboards, tables & chairs. Occupants get a weekly change of bed-sheet & pillowcase. All rooms are centrally heated. Plumbers, & Electricians are available on call.

Hostel provides high security to the occupants, following a strict time for entering & leaving hostel from 6am to 11pm. External visitors are not allowed without proper ID cards & documents. University & the hostel authorities

jointly renovates every room for foreign students on yearly basis, making the stay more comfortable & pleasant. The dorm student council has its own structure. It includes representatives of each hostel floor, who are elected by the Student Hostel.

Library at PSMU

PSMU library was inaugurated in 1933, which is very close to the origin of the POLTAVA STATE MEDICAL UNIVERSITY. It fulfills an

OVER 100
book exhibitions
yearly

important role in the organization of multifaceted educational process.

Within these 87 years, the anthology of the library has been replenished with most modern educational and scientific publications. The collection of the library today counts up to 600,000 volumes of documents. The POLTAVA STATE MEDICAL UNIVERSITY has 3 libraries. The library has its own three separate buildings.

Every year about 10,000 new books are archived into the collection. Over 50 Ukrainian as well as 100 foreign medical journals are subscribed.

Every year nearly 7,500 new readers are registered. Average monthly visitors to our library is about 30,000 including students, professors as well as science researchers. Books & journals borrowed in 2019 were over 700,000.

The Educational and Methodical Unit of the Ministry of Healthcare, Ukraine supplies teaching literature published in Ukraine, and vast number of gifted supplies also come from charity societies.

A large achievement of the University is the opening of the electronic reading hall connected to the Internet, which affords effective opportunities for perfecting the teaching and research processes.

POLTAVA STATE MEDICAL UNIVERSITY's library is open to University staff, students and registered borrowers. Its reference and information facilities are also open to the public.

Every year about 100 books exhibitions are organized, more than 75 bibliographical surveys, readers' conferences, disputes and literature evenings are conducted.
