## about BMU

Book My University was incepted a few years back but it took shape recently when digitalisation of the admission process became the need of the hour. This is just not a website, its an initiative. An initiative to bring transparency across borders for making the process of getting education easy, safe and authentic.

### Why choose BMU?

Education is one of the basic necessities of life and one of the factors that shapes a person's future. Education knows no boundaries.

We at BMU, have understood how essential it is for you to have the right kind of support to pursue a study abroad programme.

We offer you end to end support including in depth research to identify a university that suits your needs, to processing your admission; taking care of your visa & travel arrangements.

In short, we are consultants of choice for a seamless journey to an education of your dreams.

Choose your study abroad Consultant wisely to make an informed decision.

# most promising **study abroad** consultancy

2016

2017

2019

## Why Study Abroad?

- Tuition fee starts from Rs. 2 lakhs on wards per year
- No donation or capitation fee is to be paid
- Universities recognised by Medical Council of India (MCI) and World Health Organisation (WHO).
- Degree is internationally valid and accepted

## Indian Graduates with Foreign Medical Degrees – What does the law say?

Indian students can seek medical qualification from any recognized medical education institution in a foreign country. To be able to practice in India after obtaining their degree abroad, the students are required to register with the State Medical Council (SMC). Further, SMCs register a student with foreign medical qualification only after he appears and gets through the Foreign Medical Graduate Examination (FMGE) conducted by the National Board of Examination (NBE). The FMGE is conducted twice a year in June & December and a candidate has to score a minimum of 50% marks in each of the papers to be declared passed. A candidate has a maximum of 3 attempts to pass the examination.

This is a statutory requirement as per section 13(4A) of the Indian Medical Council Act, 1956 amended in 2002. Those who hold an under graduate as well as post graduate medical degree from the following countries need not take the FMGE and they can directly be registered by the SMCs. This is applied until NeXT.

### WHY DO MEDICAL ASPIRANTS GO ABROAD?

### PARIAHS OF MEDICAL COMMUNITY IN INDIA

## COUNTRIES EXEMPTED FROM FMGE

- Australia
- Canada
- New Zealand
- United Kingdom
- United States of America

All these countries do not provide direct admission, student has to give their entrance examination and per year fee starts from Rs. 18 to 30 lakhs

What is ECTS? The European Credit Transfer and Accumulation System (ECTS) was first introduced in Europe in 1989 within the framework for the ERASMUS Programme (at the present moment SOCRATES Programme) providing for integrated interstate educational results, academic recognition and giving credit in the subject studied, assessment and comparison procedures. The ECTS aims at study qualification recognition support not only within one country but also in other countries - participants of Bologna Process. The ECTS is a person-oriented system which is directed at a greater degree of clarity in the comparison of results through educational processes.

### USMLE EXAM PATTERN

| Medical School                    | USMLE   | Location  | Type of Exam   | Exam Fee |
|-----------------------------------|---|---|--|----------|
| 1st to 3rd year<br>Basic sciences | USMLE Exam step 1 can be taken at the end of the 3rd year in medical school | In your home country or in the country of your medical school | Multiple choice exam (objective questions)   | USD 820  |
| 4th & 5th year<br>Clinical years  | USMLE Step 2 CK can be taken at the end of the 5th year in medical school   |   |  | USD 820  |
| Upon graduation                   | You're now ready to take the USMLE Step 2 CS                                | Exam are conducted only in the United states of America       | USMLE Step 2 CS is designed to assess clinical skills through simulated patient interactions, in which the examinee interacts with standardized patients portrayed by actors. Each examinee faces 12 Standardized Patients (SPs) | USD 1440 |

We don't offer cheap packages we provide best counselling and make you choose college as per your budget and profile.

## How many students passed the Screening Test (FMGE) Overall, 2019 & 2020

## National Exit Test for Final-Year MBBS Students to be Held in 2023: NMC

The National Exit Test ( NExT) will be conducted in the first half of 2023, informed Union Minister of Health and Family Welfare, Mansukh Mandaviya. The decision was made in a review meeting with the National Medical Commission (NMC) on July 30.

Govt is committed to creating quality Medical Education, Transparent Examination infrastructure and Health Services, said Mandaviya.

The results of NExT both steps 1 and 2 will be used for the qualifying final MBBS exam, to get a license for practising medicine in India as well as for the merit-based allocation of postgraduate (PG) seats in broad specialties. The exam will be the same for everyone whether trained in India or outside, thus solving the problem of foreign medical graduates (FMGs) / Mutual recognition, the health ministry said.

A mock exam will also be conducted in 2022 to prepare the students for the first-ever NeXT. "As apprised by officials of NMC in the meeting, efforts are underway to ensure that the National Exit Test ( NExT) will be conducted in the first half of 2023 as per the roadmap. To test the procedure and remove anxiety among medical students, a Mock Run is also being planned and will be conducted in 2022.," the ministry added.

During the review meeting, the ways to conduct NExT in a world-class manner were also discussed and deliberated. While addressing the meeting, Mandaviya also said that the government "is committed to creating quality medical education and transparent examination infrastructure and health services and is relentlessly working with all stakeholders to achieve this objective."

## Welcome to Kazakhstan

Kazakhstan is the world's largest landlocked country located at the central part of Asia. The country has huge mineral resources and it is also one of the oil and natural gas producing nations of the world. The economy of the country is growing at very fast pace; thus, people from different parts of the world are coming to the country for getting best career opportunities. The major portion of population of the country speaks Kazakh but one can find it very easy to communicate with local people in English language. In the country there is freedom to follow any religion but major portion of population are the follower of Islam. As a new industrializing country Kazakhstan attracts many foreign companies to work with.

The government of the country is much concerned about the education system; therefore, one can find many government and privately owned universities and colleges for higher studies. At present the educational institutions at Kazakhstan are also attracting overseas students because of their quality education and ultra modern facilities in educational sector. Let us see why universities at Kazakhstan are becoming hot destination for overseas students.

South Kazakhstan Medical Academy (SKMA) Located in Shymkent City (2nd Biggest City) of Republic of Kazakhstan And established in 1979. It is accredited and officially recognized by the Ministry of Education and Science of the Republic of Kazakhstan.

Today SKMA is one of the most dynamically developing universities of the country which has all necessary resources for ensuring training of highly qualified competitive specialists of pharmaceutical and medical profile. SKMA rapidly moves forward, actively develops international strategic partnership, implements innovative educational technologies. Being the participant of main world trends of education development, SKMA harmonizes its activity in accordance with the Bologna process parameters, requirements of state programs of education and healthcare development and National frame of qualifications. Academy scientists contribute to the development of domestic medical and pharmaceutical science. By the number of scientific directions academy has leading position and the recognized authority in the country and abroad. The university sets new objectives in accordance with demands of the time, thus, currently SKMA has a high public and state recognition. We clearly see our strategic goals and objectives achievement which will make us equal among equals in global educational space.

## LIST OF SERVICES DURING YOUR ADMISSION

### COUNSELLING

Counselling is the most important part of the admission process which help the student to identify their needs and preferences and allows us to suggest them the best medical university for them. That's our USP.

1. We help the parents and students to select the most suitable medical university abroad in the most preferable country according to their preference and budget.
2. We share the proper fee structure with all the charges incurred in the process and during the study period.

### ADMISSION PROCESS

Admission process is where the student has decided the medical university after extensive counselling sessions with BMU Experts. Then we are in the position to finally move forward to the admission process.

1. We instruct the students about the documents required to apply in that particular university making sure not to miss any to avoid any delay.
2. Once the student provides all the documents either in physical form or virtually we communicate with the university and apply professionally.
3. Within 3-7 days we expect to hear from the university and get the admission letter. The same is forwarded to the student.

### VISA PROCESS

Visa process is another most significant step to be performed with utmost care, all the required documents as per the laws and guidelines of the particular country are instructed to the student, simultaneously the visa section BMU prepares the later part which includes majorly translations and attestations

1. All documents are received by the BMU team from the student either physical handover or via courier (BlueDart) and are sent for attestations and legalisation.
2. Once the documents are ready the file is prepared as per the embassy of the country's norms.
3. The files are submitted by BMU personnel to the authorities which will then process admission.
4. Required communications are made to the Embassy and the University to ensure hassle free visa process.
5. The visa get stamped by the stipulated time period and handed over to the students.

### POST DEPARTURE SERVICES

1. Airport pick up from the destination country
2. SIM card
3. Travel arrangements from the Airport to the hostel
4. Hostel Allotment
5. Welcome Meal
6. Documentation at the University
7. Assistance in opening Bank Account & Other services
8. Tourist visa assistance for Parents in Future
