For the NExT Step 1, in each of the six papers a minimum of 50% [50 out of 100] OR half of the maximum possible Raw Scores should be scored to pass the examination iii. The criteria for passing NExT Step 2 shall be satisfactory demonstration having acquired the competencies that are evaluated that shall be declared as a Pass /Fail result.

Welcome to Russia

Russia is known worldwide for its academic excellence in higher studies. Over 2 million students are enrolled in Russian Universities and institutes. Nearly, 875000 science students and over 17250 medical students are enrolled in different Russian institutes. These students actively participate in exploring advanced technology and new scientific methods. Russian medical institutes are well equipped with advanced technologies and adopt latest teaching methods, which further ensure the complete development of a student. The students-teacher ratio in these institutes is about 7:1. The medical degrees granted by Russian medical colleges are ranked at the top by UNESCO and WHO and are globally recognized. Russian Medical Colleges have grabbed nearly 30 top positions within the World ranking. Russian federation includes some of the best medical colleges in the world. MBBS in Russia is MCI (Medical Council of India) recognized. In addition, there is no entrance test for admission in the MBBS programs in the Russian medical schools and universities.

Currently, more than 10,000 students are studying in the medical institutions of Russia because this country has opened its doors since the time of Soviet Union.

BMU RECOMMENDS

NORTH-WESTERN STATE MEDICAL UNIVERSITY NAMED AFTER I.I. MECHNIKOV

North-Western State Medical University named after I.I. Mechnikov (NWSMU) was founded on October 12, 2011 as a result of the merger of the two oldest educational medical institutions in Russia - St. Petersburg Medical Academy of Postgraduate Education and St. Petersburg State Medical Academy named after I. I.I. Mechnikov.

The founder of the University is the Ministry of Health of the Russian Federation.

The activity of the University is based on close cooperation and coordination of educational, clinical and research activities - this allows training competent specialists who have modern knowledge and are able to apply it in practice.

BASHKIR STATE MEDICAL UNIVERSITY

Bashkir State Medical University started in the year 1932 and it is one of the most significant medical universities in the Russian Federation and the center of medical and pharmaceutical sciences of the Republic of Bashkortostan. Bashkir State Medical University is one of the biggest medical university in Russia teaching MBBS. It is recognized by WHO, MCI, and many more international professional groups. It is an institution of advanced MBBS education that trains specialists in numerous fields of knowledge and completes research. It is considered as one of the most prestigious university in Russia and a major centre of advanced learning and dynamic thinking. The University has formed into a huge scale, a well-managed a comprehensive university with good teaching staff. It is one of those universities which is having an advanced system of education, and it trains students with the help of updated education technology of medical study. The university embraces the high-tech methods of practical medicine that empower students to be focused, competitive and flexible in the world market.

KAZAN STATE MEDICAL UNIVERSITY

Kazan State Medical University with 200 years of experience in medical training, KSMU is justifiably an international University. Around 700 students from more than 57 countries around the world study here and half of them study in English. Moreover, we have a large group of students from neighboring and remote regions of Russia. We are proud that Kazan medical school is attractive for young people from different parts of the world. That is why our priority is support and care for international students.

- KSMU is the third oldest Medical University in Russia after Moscow and St. Petersburg.
- Only university in Kazan which is recognized by the Ministry of Healthcare & Ministry of Education and Science of the Russian Federation.
- Government funded University.
- Only university in Kazan, recognized by the WHO, listed in the World Directory of Medical Schools (AVICENNA Directory for Medicine).

LIST OF SERVICES DURING YOUR ADMISSION

COUNSELLING

Counselling is the most important part of the admission process which help the student to identify their needs and preferences and allows us to suggest them the best medical university for them. That's our USP.

1. We help the parents and students to select the most suitable medical university abroad in the most preferable country according to their preference and budget.
2. We share the proper fee structure with all the charges incurred in the process and during the study period.

ADMISSION PROCESS

Admission process is where the student has decided the medical university after extensive counselling sessions with BMU Experts. Then we are in the position to finally move forward to the admission process.

1. We instruct the students about the documents required to apply in that particular university making sure not to miss any to avoid any delay.
2. Once the student provides all the documents either in physical form or virtually we communicate with the university and apply professionally.
3. Within 3-7 days we expect to hear from the university and get the admission letter. The same is forwarded to the student.

VISA PROCESS

Visa process is another most significant step to be performed with utmost care, all the required document as per the laws and guidelines of the particular country are instructed to the student, simultaneously the visa section BMU prepares the later part which includes majorly translations and attestations

1. All documents are received by the BMU team from the student either physical handover or via courier (BlueDart) and are sent for attestations and legalisation.
2. Once the documents are ready the file is prepared as per the embassy of the country's norms.
3. The files are submitted by BMU personnel to the authorities which will then process admission.
4. Required communications are made to the Embassy and the University to ensure hassle free visa process.
5. The visa get stamped by the stipulated time period and handed over to the students.

POST DEPARTURE SERVICES

1. Airport pick up from the destination country
2. SIM card
3. Travel arrangements from the Airport to the hostel
4. Hostel Allotment
5. Welcome Meal
6. Documentation at the University
7. Assistance in opening Bank Account & Other services
8. Tourist visa assistance for Parents in Future
